WE HAD A CHAT WITH ALEX WOLFF, WHO PLAYS SPENCER IN JUMANJI: THE NEXT LEVEL!

WHAT HAVE SPENCER AND THE GANG BEEN UP TO SINCE THEY ESCAPED JUMANJI THE FIRST TIME?

ALEX: "We meet them a few years later, seeing how they cope with life after having this really crazy experience of being sucked into the game!"

SO SPENCER'S A BIT OF A GAMING EXPERT, ARE YOU AN EXPERT YOURSELF?

ALEX: "Not really! For Jumanji, I had to play every day so I could be as good as Spencer! It was like a Rocky training montage only with Super Smash Bros.... I'd say I'm now about 42% good at gaming!"

TEMTEM

If you like **Pokémon**, you'll love **Temtem**! At first glance, it does look a bit like a **Pokémon** copycat, but the more you play, the more you discover that **Temtem** is an epic game in its own right.

There's no denying that the core story is very similar to **Pokémon** – you're a young adventurer who is about to leave home to explore a world full of wonderful monsters called **Temtem**, who you can catch, tame and battle. There's even a wise professor who gives you a choice of three creatures to start with. Sound familiar?

"INSPIRED BY POKÉMON!"

But, while these games obviously have heaps in common, there are some pretty major differences too. The biggest is that **Temtem** is a massively multiplayer game, so when you explore the world you'll see other players out and about. Although you can't walk up to them and chat, you can challenge

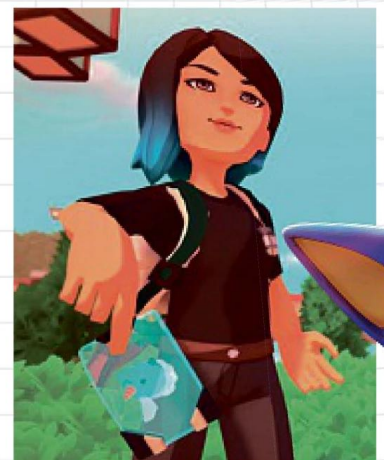

nearby players to either a Casual or Competitive battle.

Battling can be really tough, and is pretty tricky at first if you don't know much about **Temtem**. Not only do you have to consider each **Temtem's** type, strengths, weaknesses and stamina, but you also need to think about their 'Synergy' and how well they work as a team. It's a lot to learn, but really rewarding when you get the hang of it!

Although battling and challenging Dojos is a huge part of the story, there's so much more to **Temtem** than just battles.

There are six different islands to discover in the **Airborne Archipelago**, and each has its own unique environment. This helps to keep the game fresh and exciting as you never know what to expect next on your travels.

From collecting cute creatures to challenging battles and exploring epic worlds, there's loads to do in **Temtem** and we can't wait for it to come to consoles next year!

SONIC AT THE OLYMPIC GAMES - TOKYO 2020

Sonic and the gang are back in a brand-new Olympic adventure! Although we're so used to seeing **Sonic** paired with **Mario** in the **Nintendo** Olympics games, you really don't miss **Mario** at all in this mobile smasher! There's a super-impressive selection of characters from the **Sonic** universe for you to pick from and play against as you make your way through the game.

doing the same thing over and over, which can sometimes be the biggest problem with mobile games.

"FRANTIC AND FUN!"

The international leaderboards are a great addition to this game too, and really help to bring the excitement of the Olympics to life! You can represent your country and compete for the gold, just like in the real-life Olympic games.

"YOU DON'T MISS MARIO!"

As well as a mega roster of characters, there are also loads of cool and challenging events to play through. From the frantic 100M Sprint where you've gotta go fast, to super-precise and tricky Archery, there's lots to keep you busy. We were pleasantly surprised by the amount of variety in the events - you never feel like you're just

As well as looking amazing and being packed with Olympic sports, there are special EX Events too, which are a little silly, but loads of fun to play. With regular updates and an excellent selection of challenges, this game will keep you going for ages!

SUPEREPIC

GENRE: PLATFORMER
SYSTEM: PS4, XBOX ONE, NINTENDO SWITCH, PC

This retro style platformer is one of the strangest games we've played in a long time!

In **SuperEpic**, you play as a raccoon, riding on the back of a llama, as you break into the HQ of an evil video game company taking over the world by microtransactions!

Fighting loads of animal bad guys in 16-bit style is so much fun, but that's not the only cool thing about **SuperEpic**.

There are QR codes hidden around the levels that not only unlock fun mobile minigames, but also reveal secrets in the main game!

You'll play loads of **SuperEpic** before you discover everything there is to see, and there's even an awesome mode that randomly generates levels, making it different every time!

If you love a retro platformer, then **SuperEpic** is the game for you!

It's time to learn how to be a Furniture Arrangement & Relocation Technician (F.A.R.T.)!

If you want a quick idea of what **Moving Out** is all about, imagine **Overcooked** but instead of cooking meals you're moving furniture.

Designed to be played as a couch co-op game, you and your friend have to work together to get everything from the house to the moving van in a time limit.

Some things you can move on your own, but the game gets really fun and hectic when you have to move a sofa or a bed between two people!

As the game goes on the houses get wilder and weirder. Watch out for the furniture in the haunted house that has a mind of its own! This game might be wacky, but it's a total blast!

GIGANTOSAURUS

SYSTEM: PLATFORMING/RACING GENRE: PS4, XBOX ONE, NINTENDO SWITCH, PC

Based on the hit TV show, **Gigantosaurus** is here to bring you a 3D platforming adventure with a prehistoric twist!

Most of the game-play is similar to classic games like **Banjo-Kazooie** or **Spyro the Dragon**. Each zone is filled with eggs to nab as you explore, as well as enemies like giant plants and other evil dinosaurs. You can play through the entire

quest to save **Giganto** as your favourite dino, or you can get together with up to three of your friends and play the game in Co-op Mode!

Between the platforming levels, **Gigantosaurus** transforms into a **Mario Kart** style racing game as you test your speed against other dinos! The co-op gameplay is where the racing parts of **Gigantosaurus** really come alive – seeing who can get to the next level first adds an extra layer of fun!

MINECRAFT DUNGEONS

CALLING ALL MINECRAFT FANS! DUNGEONS IS FINALLY HERE
— AND IT'S AWESOME!

PLAY
MINECRAFT
DUNGEONS ON
XBOX ONE, PS4,
SWITCH AND PC
THIS SPRING!

WHOLE NEW GAME!

Although **Dungeons** is set in the **Minecraft** world we all know and love, it's a totally new gaming experience! Based on retro dungeon-crawlers, you'll see all the action unfold from above, which helps to give the **Minecraft** world a fresh new look and feel!

COOL COMBAT!

One of the coolest things about **Dungeons** has to be the combat gameplay! Not only can you switch between close-up melee action and long distance ranged attacks, but you can also power up loads of epic weapons and enchantments to unleash special attacks!

EPIC QUEST!

Prepare to go on the most epic **Minecraft** adventure yet! There are loads of cool levels and locations to explore and battle your way through, as you go on a quest to stop the evil **Arch-Illager** mob. You can even tag in your mates to help you, in local and online Co-op Modes.

WHO'S NEW?!

MEET SOME OF THE NEW MOBS WHO'LL BE POPPING UP IN MINECRAFT DUNGEONS!

NAMELESS ONE

KEY GOLEM

REDSTONE MONSTROSITY

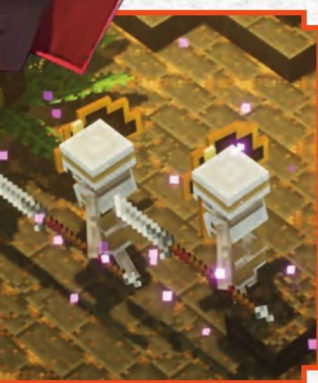

ARCH-ILLAGER

NEW STUFF!

There are plenty of familiar faces to be found in **Dungeons**, but there's also loads of new stuff to discover too! Get to grips with wicked new mobs – like the **Skeleton Vanguard** – as you explore eerie new locations, such as the **Creepers Woods** and the **Fiery Forge**!

MARIO'S

DIARY!

WHAT'S IT REALLY LIKE TO BE MARIO?

6AM:

I get out of bed. For the first time in a while I have an actual plumbing job to go to! Which is good because that's how I get paid and I've not done it in ages.

9AM:

I'm in the middle of unclogging a Koopa Troopa's toilet. I guess that makes him a Koopa Poopa! Then my phone rings. Peach has been kidnapped by Bowser AGAIN! I better go save her.

HELP! I CAN'T POOPA!

1PM:

I reach Bowser's Castle and rescue Peach from the dungeon. Not even a thank you. Might just leave her there next time. Manners cost nothing.

OH, IT'S YOU AGAIN!

4PM:

Over at Rainbow Road, I've just won my 700th Mario Kart Grand Prix. I'm not sure why the other guys bother. Baby Mario finished second, which is weird because he's also me. So I get the gold and silver, pretty much!

7PM:

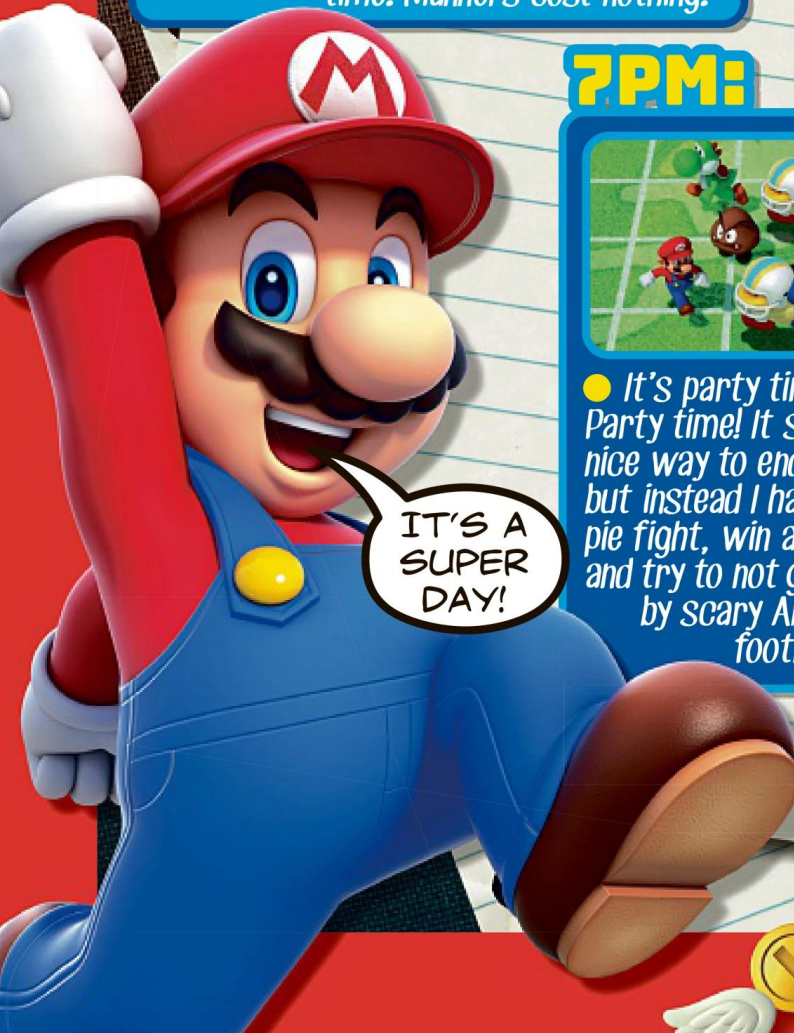

It's party time! Mario Party time! It should be a nice way to end a busy day but instead I have to have a pie fight, win a tug of war and try to not get squashed by scary American footballers!

IT'S A SUPER DAY!

10PM:

Bedtime! I need to rest up, I'm racing Sonic in the Olympic 100m first thing tomorrow morning! A Mario's work is never done!

zzzzzzzz!

POKÉMON

TOP TRAINERS

Pokémon Sword and Shield

Be these best in all of Galar!

COOK A CURRY!

★ Setting up camp and cooking a curry doesn't just boost your team's happiness stats, but it also refills HP and PP, and revives fainted Pokémon. A quick curry will save you a trip to the Pokémon Center and let you keep medicines for battles!

I'M IN A HURRY FOR A CURRY!

GET TO WORK

★ Head to the Rotomi computer in any Pokémon Center and check out Poké Jobs. Sending your 'Mon out to work is a great way for low level Pokémon to earn easy Exp. and bag yourself some pretty cool rewards too!

Pokémon Mystery Dungeon: Rescue Team DX

Pick your perfect partner!

BETTER TOGETHER!

★ Every Pokémon has their own set of strengths and weaknesses, so when choosing your partner, pick a 'Mon that's strong where you're weak. If you're weak against water types, try picking a partner that's strong against them.

PRO TIPS!

BE A POKÉMON BOSS WHICHEVER GAME YOU PLAY!

Pokémon Let's Go Pikachu and Let's Go Eevee

Gotta catch 'em all!

LOTS OF LURES!

★ If you need to level up your team quickly, stock up on lures. Lures make more Pokémon spawn near you, so you encounter a lot more battles than usual. The more you battle, the more Exp. your team will gain.

SHINY CHAIN!

★ Catching lots of the same Pokémon in a row increases your chances of discovering a shiny! You can even increase your odds further, by getting a Shiny Charm from the Game Director in Celdadoon City after you've completed your Pokédex.

Pokémon Sun and Moon

Discover the rarest Pokémon in Alola!

SHINY SOS!

★ Gen VII introduced SOS Battles, where wild Pokémon can call for an ally to help them. Repeatedly defeating – or chaining – these Poké pals ups your chances of meeting a rare shiny! Adrenaline Orbs also increase your chances of getting into SOS Battles, so it's handy to stock up!

Pokémon GO

Power up on the go!

LUCKY TRADES!

★ Trade with your mates for a chance to get your hands on a special Lucky Pokémon. Lucky 'Mon don't need as much Stardust to power up, making it much easier to train them!

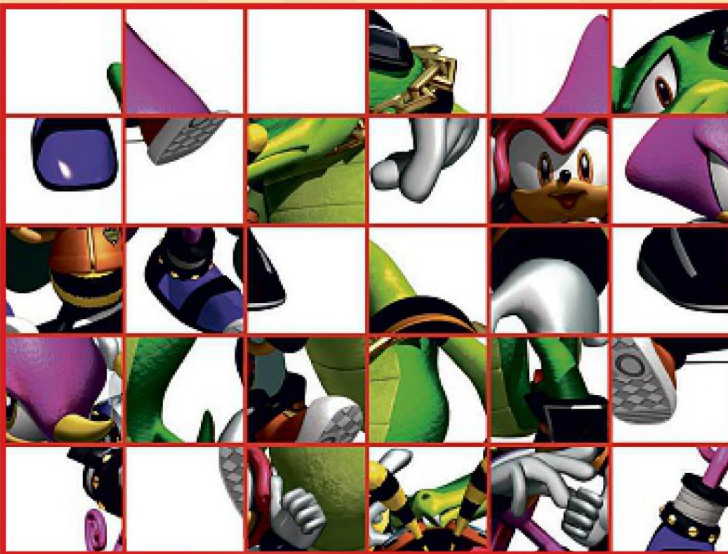

SUPER SONIC PUZZLES!

Join us on an adventure with **Sonic** and pals!
